WHAT YOU WILL NEED FOR OUR MYSTICAL SEDER

FRUITS: One or more of each group of fruits. You should have at least four different kinds of fruits, (including nuts and chocolate)

Group 1: Fruit that has a tough skin such as coconut, pineapple, or bananas, peel in tact and cut in chunks.

Nuts in the shell.

Group 2.: Whole fruit, not cut up, with an edible skin or no skin AND that has a pit– peaches, plums, apricots, olives or dates with pits.

Group 3: Fruit with no pit or peel-completely edible such as figs, grapes, raisins, strawberries, blueberries

Group 4: Heavenly food: your favorite chocolate!

You also will need: Two bottles of kosher wine or juice-one red and one white (no pink). Mogan David or Manishevitz is readily available and inexpensive.

Water if desired.

A nutcracker.

2 glasses– one for wine and one for water.

I hope that you will make your platter of fruits and nuts festive for yourself!
